## **Internship Portal Management System**

### **July 2023 - September 2023**

#### **Explanations:-**

- ❖ The Internship Portal Management System helps the student of the university to find their internship easily. The system has two users the admin and students. The admin users manage the data of the system such as the Internship application. The admin is in charge of populating the list of Internship Job Availability. The student user can find their desired internship job and can send their application. Any students have the privilege to apply for the posted interns but only those who are registered can apply for the post.
- ❖ The project was build using PHP, HTML 5, Bootstrap, CSS, JS, and MySQL Database.

#### **Features:-**

##### **Admin Side**

- ❖ Manage Admin Accounts
- ❖ Manage Student Accounts
- ❖ Manage Job opportunities list
- ❖ Manage Students Particulars

##### **Student**

- ❖ Login/Registration
  - ❖ Explore Internship Job Opportunities
  - ❖ Send Application
-
